New Business

The Board encouraged Davis to bring the NWCSRA's policy on the Executive Director's spending limits to the August 24, 2016 Board of Directors Meeting. The board wants to review it and possibly increase the amount due to the agency purchasing the building knowing that things will arise that need to be purchased. Currently the policy allows a very minimal dollar amount that the Executive Director could spend without having board approval which would not cover an emergency should one arise with the building, etc.
